Next Sunday, May 10, is Mother's Day. It is the golden anniversary of one of the most popular days of the year. To Anna Jarvis goes much of the credit for bringing attention to the observance of that day, according to The World Book Encyclopedia.

Anna Jarvis urged the annual observance of Mother's Day to be the second Sunday in May of each year, to honor the best mother that ever lived — your mother.

Mother's Day received recognition on May 8, 1914 through resolution passed by both Houses of Congress. That would make next Sunday the golden anniversary of that almost sacred day.

The mother of the home is usually recognized as an emblem of purity and love, who makes many sacrifices during the year for the betterment of the home and its spiritual life.

The day is celebrated in many sacrifices during the year for the betterment of the home and its spiritual life.

The day is celebrated in many churches and by family gatherings. One of the customs of the day is to wear a carnation. A colored carnation means that one's mother is living. A white carnation is worn if one's mother is dead.

A day of honoring mothers was observed many years ago in England. It was called "Mothering Sunday" and came in mid-lent.

The first suggestion for a Mother's Day was made in the United States by Julia Ward Howe, author of "The Battle Hymn of the Republic" in 1872. But today the honor for Mother's Day goes to Anna Jarvis of Philadelphia, who spent much of her adult life in working to make the observance of Mother's Day a nation-wide annual event.

It was Mrs. Jarvis who suggested the second Sunday in May for the observance of Mother's Day, and also the custom of wearing the carnation. In 1915 President Woodrow Wilson issued a proclamation designating the second Sunday in May for its observance.

Mother's Day has not become highly commercialized like Christmas, but usually it is a family custom to give the mother a suitable present on the occasion and she is usually given a dinner by her adult children.

By a proclamation issued by President Johnson, May is Senior Citizens Month.

Did you ever wonder just how many people in the United States are age 65 or over?

During this century the United States population "65-Years Old and Over" has grown rapidly both in numbers and as a proportion of the total population.

In 1900 only 4 per cent of the people were in this age group; by 1960 the percentage had risen to 12 per cent.

The countries of the world have been classified into what might be called "young", "middleage", and "mature" based on the age classification of the population, says R. E. Tuley, Jr., manager of the Abilene Social Security office.

He says the United States is one of the very few "mature" nations, but it is only since 1940 that this has been true.

Are we then becoming a nation of old fogies? If I were you, I would not even dare to suggest this to any of our youngsters over 65. You might get a gorgeous punch on the nose. And you might also find pride in your own accomplishments deflated considerably when compared to those of the Senior Citizens in your own neighborhood.

No, this nation is not headed towards tottering senility. As a matter of fact, the American people have achieved longer, better, and potentially far more productive lives than any one would have dreamed of a century ago.

Any one approaching the retirement age, finds that he has made decisions to make about the future. Usually it is what to do with more time and less money. For many people, the decision is whether or not to explore the possibilities of continued employment.

For those who want to keep on working, there are problems.

He usually has special skills and experiences to offer, yet some employers will consider only younger workers for the job.

If it is at all possible and at the same time profitable, it is better to work for yourself if you can make it a paying concern.

Even when working for yourself, to be happy at the job, we must feel that our work is showing a profit even though we might not be making half as much as we did when at our prime.

Then again, because of the accelerating pace of the U. S. technology, the older person may find that he lacks the education and training to work in an entirely new field.

Despite these problems, the number of workers 65 or over, in the country's work force has remained at approximately 3.2 million for the past 25 years.

And a number of our senior citizens have managed to combine the rewards of both leisure and gainful employment.

Today, seven out of ten Americans over 65 years of age are receiving Social Security benefits.

According to a report by Vern Sanford, manager of Texas Press Association, Governor John Connally has just moved into the finest working quarters ever occupied by any Texas governor.

Last week workmen put the finishing touches to the first overall remodeling of the offices in 76 years. Until last week all governors of Texas in the past have been attending to State business in cramped and poorly arranged offices.

Remodeling work has been underway since last January. Now Texas Capitol visitors are welcome all day in the mirrored and flag-draped gubernatorial reception room.

The governor now occupies a large gold-carpeted crystal chandelier-hung office. He also has an adjoining conference room, small kitchen unit and shower cabinet.

Gold carpeting runs throughout the second floor suite. Modern ceilings, lighting and air conditioning have been installed, and the fine old wood work, sanded and refinished to its original state now adorn the quarters.

Redecoration of the governor's downstairs offices will not be completed for thirty days. Meanwhile, part of the governor's staff will continue to occupy temporary quarters on the Capitol's first floor.

The Comanche Chief does not carry a "Dear Abby" column, but we venture that most of our readers at one time or another have read some of her columns and wonder just who she is.

In a recent issue, The Houston Post explains all about this writer in an article written by Ronald Bookman, which in part is as follows:

"Dear Abby" is in town. The

pretty and popular columnist who writes daily for The Post, is in Houston to make a speech and radio and television appearance.

"Abby" or her full pen name "Abigail Van Buren", dishes out help and humor, with compassion with equal ease.

She says it just depends on

which one of the 8,000 or 10,000 letters she receives each week she is answering.

She arrived in Houston Wednesday from her home in Beverly Hills. Thursday at noon she will talk to the Downtown Rotary Club at the Rice Hotel. She also will be on KPRC radio's Tom and Bob Show Thursday morning and Channel 2's Chris Chandler Show at 5 p.m.

Abby says her mail falls into categories of love and marriage problems; mother-in-law problems; age problems (is he or she too young, or too old?); teen age problems; lonely people's problems; and elderly people's problems.

"I like letters I can do some-

thing about," the dark auburn-haired columnist said. "If somebody asks for help, I try to help."

"Last year alone, I referred 3,700 girls to homes for unwed mothers."

She said young people always want to know if their parents are "square"? "I tell them the

same thing that they have been telling them — different coming from me."

"My favorite letters are age mail because there is hope for them," said Abby.

Now Is The Time To Plant Tomatoes

by ERNESTO ARIAS,
Visiting County Agent

Now that you are setting your tomato plants in the field you should transfer them with as little handling as possible, and if planted during dry weather, they should be watered.

A good practice is the use of nutrient transplanting solution, also called starter solution, when setting tomato plants. One-half pint of nutrient solution poured on the roots of each plant as it is set out will stimulate growth. It has been found that treated plants commonly start ripening fruit a few days to a week earlier than untreated plants and the total production is usually increased.

If you have placed fertilizer directly in the rows, the use of starter solution is not recommended.

Don't forget to cultivate your tomatoes—the principal purpose of cultivating tomatoes is to eradicate weeds. Frequent shallow cultivation, one or two inches deep, should be given tomatoes, especially during the first month after field planting. The first cultivation may be fairly close to the recently set plants, but later cultivation should be shallower and farther from the stems.

Planist was Mrs. E. E. Jones of Midland, aunt of the bride. The couple were attended by David Goodson of Texas A&M University, brother of the bride, and Miss Sue Hall, sister of the groom.

The bride, given in marriage by her father, wore a street length jacket dress of white silk trimmed in lace. The shoulder length veil was trimmed with white satin roses and seed pearls. She wore a pearl and diamond necklace, a gift of the groom. She carried a white bible topped with 2 orchids and stephanotis.

Following the ceremony a reception was held at the home of the bride's parents, 700 W. Grand. Members of the house party included Mrs. Donnie D. Johnson and Mrs. Ed Onstot of Dallas, Mrs. E. E. Jones and Miss Tina Jones of Midland, and Miss Sue Hall and Miss Berta Goodson of Comanche.

The traditional three tiered wedding cake and punch was served to the guests.

For her wedding trip the bride chose a three piece blue camelot knit suit, black patent accessories and wore an orchid corsage. The couple will be at home at 306 East Grand, Comanche.

Out-of-town guests included Mr. and Mrs. Donnie Johnson, Kim, Kayla, and Kelly; Mr. and Mrs. Ed Onstot of Dallas; Mr. and Mrs. Cyril Isham of Fort Worth; Mr. and Mrs. E. E. Jones, Tina and Ross of Midland.

Gustine FHA Name Officers

The final meeting of the year of the Gustine FHA Chapter was called to order by President Ray Center.

The following officers for the coming year were elected:

President, Rena Haynes; vice-president, Cindy Patton; 2nd vice president, Sue Eddleman; 3rd vice president, Johnnie Sue Crist; 4th vice president, Evelyn Jackson; treasurer, Kathy Gunter; historian, Pam Thompson; parliamentarian, Judy Allen; sergeant-at-arms, Diane Adcock.

Installation of these new officers were held Tuesday night. The annual Homecoming Supper, prepared by the FHA girls, will be held May 30 from 5 to

6 o'clock. Admission will be \$1 and tickets can be obtained from any student in FFA or FHA.

The FHA'ers are eagerly waiting until July when they can go to Lake Buchanan for a weekend of fun and relaxation. This annual trip is sponsored by the FHA Chapter.

LEON SLEDGE is grateful and solicits continued support for SHERIFF.

THANKS TO EVERYONE for the fine vote I received Saturday in the race for SHERIFF, COMANCHE COUNTY, which puts me in the Democratic Party's June 6 run-off primary. I am extremely appreciative of your support, and for the courtesies extended me by those of you who saw fit to support another of the good men in this race. I would like to express my thanks to the other candidates in this race for our pleasant relations. Such a campaign as was the first primary, was indeed a pleasure to participate in. I RESPECTFULLY SOLICIT your investigation of my qualifications to become YOUR SHERIFF, and will appreciate your consideration.

As your present Deputy Sheriff, I have given my entire time to my duties, and if you see fit to elevate me to the SHERIFF post, you can be assured that my entire time will be yours. Too, let me say that if I am named as SHERIFF, you will find me willing to cooperate in all respects with other peace officers, court officials, other elected officials, and the citizenship, in an effort to protect your property and give ALL COMANCHE COUNTY the services of a FULL-TIME, hard-working, fair and impartial law enforcement officer. You are invited to check my record as Deputy Sheriff, and determine in your own mind whether or not I have cooperated in the past and whether or not I have tended to the duties my present position demands. I have stayed in my place and doing my work as deputy, in no manner trying to form the policies of this office.

MY CANDIDACY AS SHERIFF is of my own choosing, and if YOU ELECT ME SHERIFF, I assure you that I SHALL BE YOUR SHERIFF.

Methodist Church Honor Graduates With Banquet Sunday

The First Methodist Church of Comanche honored their five graduating senior youths with a banquet Sunday night, May 3, in the Church Dining Room. Honorees were Lou McCullough, Phil Cogburn, Billy Albin, Betty Rogers, and Marsha Wilkerson.

Guest speaker for the party was Rev. Weldon Haynes, of May. Music was furnished by Miss Tasha Gail Griffin of Sweetwater who sang Rogers-Hammerstein selections accompanied at the piano by Miss Betty Cox.

The table were covered with white and centered with streamers of black and gold, the class of 64's colors. A red school house with a miniature girl and boy graduate flanked with potted yellow mums, decorated the head table.

Black silhouettes of graduates and light yellow tapers were placed on the streamers. Each plate was marked with a small silhouette place card and an eraser made into a doll graduate.

Other guests included Rev. and Mrs. Piez Todd, Jane Griffin, Abilene, Mrs. Haynes of May, Dr. and Mrs. A. I. Davidson, Mr. and Mrs. Charles Lane Dudley, Miss Marguerite Ross, Franklin Power, Bill Meyers, Tommy Willis, Bob Wilson, Cathy Spalding, Tyson Clemons, Sharon Beatty.

BOILED EGG TEST

Sometimes the eggs you have hard-boiled will be put in with the fresh eggs in your refrigerator. You can't tell which is which by looking at them, but there is a simple test that removes all doubt. Place the egg in question on its side and spin it like a top. If it spins on an even keel, it has been cooked. If it wobbles when you spin it, the egg is fresh.

Young Homemakers Hold Monthly Meeting

By Mrs. Doris Hillard

The Comanche County Young Homemakers held their April meeting in the Comanche High School Home Economics building April 28.

Mrs. Jean Aldridge of Democrat spoke to the group on "Women in Politics". She brought out the main thing is deciding on a party and going to work for it.

A business meeting followed where it was decided to sponsor

the "Little Sister", Miss Letha Dunn in the "Miss Comanche" contest.

A social was set for Friday May 8 in Sidney. May 23 there will be a rummage sale.

The May meeting will be given by Miss Barbara Barret and Miss Elizabeth Fox on "Home Canning and Freezing".

Hostess in charge of refreshments following the April meeting were Mrs. Margaret Watson and Mrs. Suzann Pyburn.

Louisiana is the wettest state in the U. S. A. with its average annual rainfall of 55 inches.

BIG NEWS FOR CATTLEMEN!

Another Revolutionary Advancement From MoorMan Research

Control both horn flies and cattle grubs by feeding Rid-Ezy free-choice

NOW DUAL ACTION!

CONTROL PESKY HORN FLIES

CONTROL COSTLY CATTLE GRUBS

Approval was given recently by Federal authorities to MoorMan's application to make a claim for control of horn flies with Rid-Ezy*. These pesky blood-sucking flies torment cattle 24 hours a day. Up to now, MoorMan's has been limited to claiming Rid-Ezy's effectiveness in control of cattle grubs.

The life cycle is broken, both of horn flies and cattle grubs, with MoorMan's Medicated Rid-Ezy—complete mineral containing the systemic insecticide, ronnel. When Rid-Ezy is fed free-choice to grazing cattle, and they consume it in recommended amounts, horn flies are controlled effectively.

Cattle stop fighting horn flies... are quieter... spend more time grazing... gain faster. Cows produce more milk for their calves.

Promotes increased weight gains: In MoorMan Research Farm tests during the summer of 1962, grazing cattle fed Medicated

*Trademark Reg. U. S. Pat. Off.

Rid-Ezy free-choice gained as much as 1/4 to 3/4 lb. more per head daily over control cattle fed a salt block while on pasture.

Young cattle grub larvae also are killed by Rid-Ezy in the animal's system... before the grubs do their dirty work in retarding growth, damaging meat and puncturing hides. Yet Rid-Ezy does not upset cattle. It's palatable—cattle eat it readily.

Developed by 7 years' research with more than 7,500 cattle on MoorMan Research Farms plus Field Research tests on farms and ranches in 14 states.

Rid-Ezy is available in 50-lb. blocks or granular form for free-choice feeding on grass. Granular Rid-Ezy may also be used in feedlots for 14-day treatment to control grubs.

YOUR MOORMAN MAN

HAVE A Picnic AT THE New York WORLD'S FAIR ON US!

Grand Prize

Three fun-filled days for the grand prize winner and up to 50 of his or her guests at the New York World's Fair, highlighted by a festive picnic, and \$50.00 spending money for each guest. Also a 1964 Comet Caliente for the top winner!

NEXT 50 PRIZES
5000 PAPER NAPKINS (plus fitted picnic basket.)

NEXT 100 PRIZES
ANT VILLAGES (what's a picnic without ants?)

NEXT 250 PRIZES
5000 Dr Pepper cups (and a 2-gallon picnic thermos jug.)

BONUS STATE PRIZE
A prize winner from every state submitting entries (excluding those states where prohibited, taxed or restricted) will receive a Columbia bicycle built for two, with a fully equipped picnic basket. All you add is food, Dr Pepper and a companion—then wheel away!

Impress your friends! Dazzle your classmates or club members! Win this latest kookie Dr Pepper contest and invite up to 50 of them to be YOUR guests at a picnic! But (you know us from past contests) this is no ordinary picnic, 'cause it'll be held at the New York World's Fair! That's right—the first prize in this unusual contest is a free three-day trip to the New York World's Fair for the winner and up to 50 of his (or her) friends! You'll stay at one of New York's most modern hotels, you'll see the sights at the Fair and you and your party will be treated to an old-fashioned picnic right on the Fair grounds. For going to all this trouble (making out the guest list, etc.), we'll also give the top winner a new 1964 Comet Caliente, plus \$50.00 spending money for himself (or herself) and each member of the group!

We're having this distinctively different contest (aside from liking picnics ourselves) to remind you that Dr Pepper is the distinctively different soft drink for today's light 'n lively taste. It's not a cola or a root beer, but a delicious blend of fruit flavors—and you just can't have a real "picnic" without Dr Pepper.

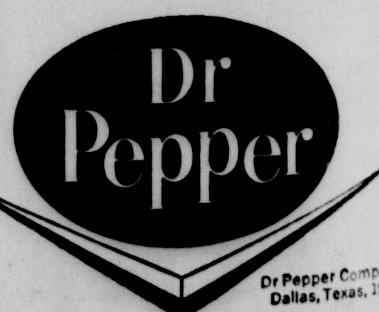

So enter soon—and often! Contest details and official entry blanks are on Dr Pepper cartons now. Contest closes at midnight on May 23, 1964!

TO THE PEOPLE
OF COMANCHE COUNTY:

First of all, I would like to come to you all personally
and thank you for the support and courtesy you
showed me in the Sheriff's race.

I would like to thank the other men in the race for
the clean race they ran.

Due to the fact that our time was cut short in this
race, and due to the fact that I have a large family
to support I didn't have time to personally see every-
one of you. But I did see as many as I could and I
enjoyed meeting everyone I did.

I would especially like to say thanks to a very good
friend of mine, Mr. Baxter Ray, who is 82 years
old, and who rode with me and showed me where a
lot of people lived in the north part of the county.

If I had'n't have thought I was man enough to be
your Sheriff, and if I hadn't have thought I was
man enough to take a defeat, I wouldn't have entered
the race. I feel I did all right, but I would have liked
to have done better.

I am going back in my Sinclair Service Station, across
from the jail in Comanche, and will appreciate any
of your trade. So in closing, I would like to say
thanks for my family and myself from the bottom
of our hearts.

RUSTY DURHAM and His 3rd Place Decathlon Trophy

Rusty Durham Wins Third In Tech Decathlon

Rusty Durham, son of Mr. and Mrs. Ted Durham of Comanche, who is a freshman at Texas Tech, placed third in the school's spring Decathlon recently.

Rusty scored 5110 points, finishing behind runner-up Roger Guill, 3 year football letterman at Tech who scored 5126 points, finishing the decathlon was won by Donnie Anderson, who is touted by the experts as a future All-American football player for Tech.

55 students participated in the grueling track event which is composed of 10 different events—high jump, broad jump, pole vault, discus, javelin, shot put, 100 yard dash, 440 yard dash, mile run and high hurdles.

Rusty won the pole vault with 12'6" and was second in the high jump and broad jump.

Rusty, a 1963 graduate of Comanche High School was a three sport letterman for the Indians, football, basketball and track, and holds the District 8-AA high jump record.

The Northern Lights appear in the atmosphere at heights ranging from 50 to 500 miles high.

Piano Pupils Enter Contest

Mrs. Vellie Meyers, Comanche piano teacher, presented seven of her pupils in the National Piano Playing Auditions, sponsored by the National Guild of Piano Teachers. The auditions were held at Howard Payne College, Brownwood, April 15-23.

District members from Comanche who played 4 to 6 pieces earning certificates and pens included Varita Bean, Glenda Chester, Kay Harelik, Timothy Matthews, Wayne Robertson, Bennie Simpson, and Malinda Wall.

Rosalie Gaines, pupil of Charles Wootton, Brownwood, also was entered in the District member group. Travis Phifer, pupil of Mrs. Eugene Batholomew, Brownwood, entered in the National members group, playing 10 to 14 selections.

These nine Comanche pianists were among the 60,000 enthusiastic piano pupils of the nation who participated in this annual national piano-playing event held in 600 music centers in the country. The event was begun at Hardin-Simmons University, Abilene, in 1929, and national headquarters are still maintained in Texas.

At least 21 Texas streams are known as Mill Creek.

IOOF - Rebekahs Celebrate 145 Year In Texas May 1

Ruby Daniel Reporter

IOOF and Rebekahs celebrated the 145th anniversary at the Lodge Hall, Friday evening, May 1st, with a covered dish dinner.

An interesting program followed, with all present participating. Among the numbers rendered on the program from among the home taken were: hill billy music, talks, chalk talk, old fashioned singing, a reading, and revealing

a mystery box. Main speaker of the evening was Rev. L. L. Lewis of Rising Star. His wife, accompanied by their daughter, sang a lovely solo.

Everyone enjoyed the evening very much and all members in good standing are invited to attend our regular meetings which are held each Monday evening at 8 o'clock.

Family night is every first Friday evening at 7:30 o'clock.

The Associational meeting will be held at Goldthwaite in the Legion Hall on the 16th of May.

CHS Talent Show Winners Listed

The CHS Junior-Senior Talent Show last Monday night cleared \$128 which was split between the two classes. The Juniors plan on using theirs for the Junior-Senior Banquet, and the Seniors will use their share to their Senior trip fund. The approximately 300 who attended were given 90 minutes of excellent varied entertainment.

In the High School Division a quartet of Junior boys—Gray Jolink, Tommy Willis, Billy Gossett and Gerald Ebell—won the gold loving cup with their hilarious imitation of the Beatles. In the Junior-Elementary Division, Paulette Coulter won the first place cup singing "I Want to Hold Your Hand." Paulette, receiving the biggest hand of the evening, sang two encores. The third grader is the daughter of Mr. and Mrs. Paul Coulter.

Second place in the Senior Division went to the Nylons, a combo composed of Richard Frazier, Bob Brannan and David Chambers, with their peppy arrangement of Tequila. Sid Carney and Jerry

Swindle won third place with their imitation of comedians on the Jackie Gleason Show.

Second place in the Junior-Elementary Division was won by John Rachels with a vocal solo, and Paula Lee sang and played "Tammy" on the piano for third place.

The twenty entries in the talent show were judged by Frank Reese, Paul Mrs. Porter Frank. The first prize was introduced in Houston of the 16th century . . . narrow ribbon . . .

THANK YOU !

PLEASE ACCEPT MY THANKS for your expression of confidence in my services as COMMISSIONER, PRECINCT NO. 3. Your vote and the many courtesies extended me by everyone in our precinct, are gratefully acknowledged. To those of you who supported another candidate in this race, let me say that I respect your choice. In the run-off primary, I respectfully solicit your support.

PLEASE CHECK MY WORK RECORD since my appointment to the position as COMMISSIONER, PRECINCT NO. 3. I have endeavored to give our precinct service that you expect and deserve. I realize that in some instances our operations have been limited, but as circumstances improve, I can honestly assure you that our precinct will be in position to expand the improvement programs to all sectors. I have given much thought and attention to our financial structure, and with your cooperation, no doubt, Precinct No. 3 can make forward progress.

I WILL DEEPLY APPRECIATE an opportunity to serve as your elected COMMISSIONER, PRECINCT NO. 3, and seek the position solely on the merits of my own qualifications.

on Saturday, April 25. Darkness wasn't far off. Three local people, Rev. Brad Helbert and Arbie and Mabel Boyd of Gustine, were driving in separate cars along Farm to Market Road No. 1702 near the Leon River, almost at flood stage. Suddenly, out in the high weeds of his father's pasture, they saw the head and shoulders of little 4-year-old Larry Adams, only a few yards from the boiling river. Larry's dog was at his side. They were almost a mile from home. It was nearing sunset when Rev. Helbert coaxed Larry into his car to take him home to his parents, Wayne and Grace Adams, who were searching for him. The full story of Larry's adventure—as is so often the case when a child strays from home—is filled with pathos and possibilities. But Larry was safer than it seemed—God was looking his way.

The yelp that was heard around the world: Last week when President Johnson let an AP cameraman get a picture of him lifting one of his beagles by the ears—while the dog yelped his objections—he probably did so unthinkingly. Chances are the President had done the same thing many times before, particularly when the dogs were little and were not hurt in the process. Seems like a small thing for such a hue and cry of protest from over the country. But the SPCA and all lovers of dogs—there are many of them—simply didn't like it.

It appears that the Bobby Baker case is now coming under the scrutiny of the Justice Department. It was reported last week that the Department is investigating Bobby's activities to determine the possibility of fraud against the government, conflict of interest, false statement and conspiracy. It appears that some important persons aren't satisfied with the results of the Senate Rules Committee's hearings into Bobby's affairs and want to look under some more rugs.

Dr. W. D. Blackwood Serves As Delegate At Hospital Meeting

DALLAS, May 3.—Dr. W. D. Blackwood, Comanche, served in the House of Delegates during the annual convention of the Texas Association of Osteopathic Physicians and Surgeons April 27-May 2 at the Hotel Adolphus here. The house is the policy making body of the Texas association.

Over 400 doctors and guests were on hand for discussions on congestive heart failure, internal bleeding, the nation's physician shortage and hazards in blood transfusions.

Featured speaker included the Honorable Erick Jonsson, Mayor of Dallas and Dr. Wallace M. Pearson of Kirksville, Mo., president of the American Osteopathic Association.

Adult Leaders Make Concessions At Rodeo Pay Off

From Anson Dickson, Jr.
Comanche County Agent

Comanche County 4-H Adult Leaders would like to say "Many Thanks" to the rodeo fans and officials at the annual Comanche Junior FFA Rodeo sponsored by the Comanche Roping Club.

According to Concession Chairman W. J. Parks, "Rodeo fans consumed over 71 Hot Dogs, about 600 Sno-cones, and 960 bags of popcorn, along with the trimmings at the 2 day event."

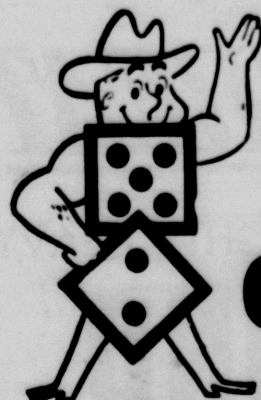

Association president J. A. Cox in expressing appreciation to the volunteer adult leaders reported "Workers put over 380 hours in getting ready and operating the

concessions."

All profits from the concessions are spent on 4-H Club work in Comanche County on such things as trophies, achievement medals, ribbons, rosettes, equipment for Junior Livestock Show, T-Shirts for International visitors to the county, dress revue prizes, honor award trips and many other.

Below is the financial report—

Plagued Day And Night with Bladder Discomfort?

Unwise eating or drinking may be a source of mild, but annoying bladder irritations—making you feel restless, tense, and uncomfortable. And if restless nights, with nagging backache, headache or muscular aches and pains due to over-exertion, strain or emotional upset, are adding to your misery—don't wait—try Doan's Pills. Doan's Pills act 3 ways for speedy relief. 1—They have a soothing effect on bladder irritations. 2—A fast pain-relieving action on nagging backache, headache, muscular aches and pains. 3—A wonderfully mild diuretic action thru the kidneys, tending to increase the output of the 15 miles of kidney tubes. So, get the same happy relief millions have enjoyed for over 60 years. For convenience, buy the large size. Get Doan's Pills today!

Jet-smooth Luxury Chevrolet makes crooked roads feel like going straight

Chevrolet's Full Coil suspension makes the crookedest S-curve seem on the level. With a double-acting shock absorber in each corner, it takes the jumps out of bumps. With 4-link leveling control, you get away with Jet-smooth acceleration. With built-in anti-dive control, you come to Jet-smooth stops. And with low-friction Ball-Race steering, you waltz over twisting roads as gracefully as a ballerina.

FOR THE GREAT HIGHWAY PERFORMERS

All seven Chevrolet engines are precision balanced for smooth operation. And because your Chevrolet has over 700 insulators and sound deadeners, you don't have to shout to have yourself heard.

It's Trade 'N' Travel Time at your Chevrolet dealer's—the perfect time to try the Jet-smooth ride. Find the meanest stretch of road you can. Then see for yourself how straight a crooked road can feel.

Ed Sartor Attends Tractor Meeting

VIENNA, Ga. May 4.—Edwin A. Sartor, of Sartor Bros., Comanche, attended a three-day (April 29-May 2) intensive product and sales training session at Vienna, Ga., home of the Southern Training Center of Tractor and Implement Operations (U.S.), Ford Motor Company.

With 19 other Ford tractor dealers from his region, Mr. Sartor arrived aboard Ford Motor Company's turbo-jet conair plane in the most unique "Operation Airlift" in the industry. The Ford plane picks up dealers at key points throughout the country during the year and brings them to the training center. They re-

tur nin the same fashion.

The training includes both classroom and on-the-farm instruction and demonstration. The program is designed to help dealers become better acquainted with the tractors and equipment enabling them to be of greater assistance to customers, according to David Meeker, parts, service and training manager for Tractor and Implement Operations (U.S.), Birmingham, Mich.

"Classes are kept small so each dealer can get the maximum of personal instruction and actual work experience with the equipment," Mr. Meeker said.

Located in the heart of south central Georgia, the 525-acre training center offers a wide range of soil types and field conditions for training as well as a variety of competitive equipment

for use in making comparative evaluations with the wide assortment of Ford units on hand.

Ford is a pioneer in the practical training of dealers and has operated the Southern Training Center for the past six years.

Notice of Election

THE STATE OF TEXAS
COUNTY OF COMANCHE
CITY OF COMANCHE

TO THE RESIDENT, QUALIFIED ELECTORS OF THE CITY OF COMANCHE, TEXAS, WHO OWN TAXABLE PROPERTY IN SAID CITY AND WHO HAVE DULY RENDERED THE SAME FOR TAXATION:

TAKE NOTICE that an election will be held in the City of Comanche, Texas, on the 16th day of May, 1964, on the proposition and at the place more particularly set forth in the resolution adopted by the City Council on the 13th day of April, 1964, calling said election, which is substantially as follows:

RESOLUTION

CALLING AN ELECTION FOR THE PURPOSE OF DETERMINING WHETHER THE CITY COUNCIL SHALL BE AUTHORIZED TO ENTER INTO A CONTRACT WITH UPPER LEON RIVER MUNICIPAL WATER DISTRICT FOR THE PURPOSE OF SUPPLYING WATER TO THE CITY OF COMANCHE.

WHEREAS, the City is in urgent need of an additional water supply which may be obtained by contract with Upper Leon River Municipal Water District; BE IT RESOLVED BY THE CITY COUNCIL OF THE CITY OF COMANCHE, TEXAS:

1. That an election be held in said City on the 16th day of May, 1964, at which election the following proposition shall be submitted:

PROPOSITION

"Shall the City Council of the City of Comanche, Texas, be authorized to enter into a contract with Upper Leon River Municipal Water District for the purpose of supplying water to said City, as authorized by Chapter 342, Acts of the Fifty First Legislature and other applicable laws?"

2. That said election shall be held at the No. 2 Fire Station, 213 N. Austin, in said City. The entire City shall constitute one election precinct for said election, and L. R. Williams shall be the Presiding Judge and Mrs. Elton McCullough, the Alternate Presiding Judge for said election. Said Presiding Judge shall appoint not less than two nor more than four qualified election clerks to serve at the election, but one of such clerks shall be the Alternate Presiding Judge. If the Presiding Judge is unable to serve at the election, the Alternate Presiding Judge shall serve as the Presiding Judge.

3. That said election shall be held under the provisions of Chapter 342, Acts of the Fifty First Legislature, and only qualified electors of the City who own taxable property therein and who have duly rendered the same for taxation shall be permitted to vote at said election.

4. The ballots for said election shall have written or printed thereon the following:

PROPOSITION

"FOR THE WATER CONTRACT"

"AGAINST THE WATER CONTRACT"

Each voter shall draw a line through one of the above expressions, thus leaving the other as indicating his vote on the proposition.

5. If this election results favorably to the making of said contract, the City Council will pass an ordinance prescribing the form and substance of said contract and directing its execution. A proposed draft of such contract is on file in the City Secretary's office for public inspection. Failure of other cities in the District to authorize such contracts with the District shall not impair the authorization conferred by this election upon the governing body of this City.

6. A substantial copy of this resolution signed by the Mayor of said City and attested by the City Secretary shall be published on the same day in each of two successive weeks in a newspaper of general circulation published within said City, the date of the first publication to be not less than fourteen days prior to the date set for said election. Except as otherwise provided in said Chapter 342, Acts of the Fifty First Legislature, the manner of holding said election shall be governed by the general election laws.

ADOPTED AND APPROVED this the 13th day of April, 1964.

sellers, says she can answer some letters after mulling them over night; others take longer.

"If I feel that I don't have the answer, I ask people who do—clergymen and doctors," she said.

Mrs. Van Buren who has been writing her "Dear Abby" column for eight years, says the roughest letters to answer are those where a person is unable to adjust a situation that can't be helped—such as an epileptic not

being able to get a job.

As she bounced off the plane at Houston International Airport after arriving from the West Coast late Wednesday, she wore a little round metal button that said: "P.S. I Love You."

It remained a mystery until she explained she was rooting for ex-presidential press secretary Pierre Salinger, in his bid for a Senate seat in California.

Editor
Comanche Chief
Comanche, Texas

Dear Sir:

I am writing a book on the life of old John Selman, early day El Paso gunfighter and slayer of John Wesley Hardin. Dr. C. L. Sonnichsen, Dean of the Graduate Department, Texas Western College, is assisting.

John Selman, as an agent for the Jesse Evans gang, was captured by the Texas Rangers at Fort Davis, Texas in May or June of 1880. Around August he was taken to Comanche by the Rangers and hence to Shackelford County where he escaped from custody. The following exact wording is taken from the Galveston News for Aug. 21, 1880.

"John Selman, who stands indicted in Shackelford County for the theft of cattle and arrested recently in Fort Worth, was brought here yesterday by a squad of Rangers and lodged in jail. He will be here until court commences in Shackelford. It is considered not safe to carry him to Shackelford without a guard, as Dorm Selman, brother to the defendant, was murdered by a mob after he was arrested in jail."

The story has a Comanche, Aug. 20 dateline.

This man Dorm (actually the name is Tom Selman) provides a very important link in the book. Up until now everyone thought he had been killed in New Mexico, although there is no record of his death there.

Did your paper carry a story about Tom being murdered by a mob? If it did, I would like a copy of the circumstances surrounding that incident. I'm sorry I can't provide you with a date. It may have been a few days before August 20, a few weeks, a few months, or even as far back as 1879. Certainly it is no farther back than 1879.

If you run across any other items pertaining to John or Tom Selman, I would appreciate a gist of their material.

Yours very sincerely,
Leon C. Metz.

Here are some of the facts and contemplated plans as furnished by a representative of the City of Comanche, regarding the proposed water contract.

PRESENT FACILITIES—

Filter Plant—600,000 gallons of filtered water per day at rated capacity. By overloading these filters we have been able to furnish water at peak months for the past few years—while this water is pure bacteriology, all the chemicals are not filtered out. The filter plant is 12 years old.

filter plant to our City reservoir, built in 1927-28. 8 inch line of water, when water consumption was 125,000 to 150,000 gallons per day. In 1956 the City bought a booster pump which boosted the capacity of the line.

This line was built to carry the 600,000 gallons of water needed in the 20's and 30's.

In 1947 a second lake was added to our water system, and a 10-inch line was built from Lake Comanche to Lake Eanes filter plant.

These facilities are designed to take care of the City's needs through 1967. At that time the present facilities will have to be doubled.

LAKE PROCTOR WATER—

Filter plant jointly owned by Water District—therefore reducing the overall cost.

Filter plant designed to furnish pure filtered water in the amount of 2,000,000 gallons or

more if needed. Comanche is presently using 1,100,000 gallons at peak consumption; therefore the proposed filter plant would provide ample water for the growth of the city.

Transmission lines to the present city reservoir will provide four times the capability of the present transmission line.

This line is designed to handle a high pressure pump in the 1980's so that no more need be spent on pipeline at that time—providing for increased water consumption by the city.

TURBO JET AUTOMATIC CAR WASH

(coin operated)

TURBO JET CO., INC. has revolutionized the car wash industry in developing a new type coin-operated car wash. The factory has developed a three-in-one combination machine that soaps, rinses and dries off an automobile while the car stands still. It is the only ceiling suspension automatic car washer of its type in the world. We install the machine in such places as super markets, parking lots, shopping centers, discount stores, large apartment buildings, super gas stations and motels. We have a firm commitment for the installation of these machines on the premises of the leading motel chain in the country. These franchises are now available in your local or regional area. Previous experience is unnecessary. We install the equipment and help provide good locations in high volume areas, local, city or statewide franchises are available at this time. However, some major cities in your area may have already been franchised.

If you are sincerely interested in a money-making business the amount of investment required is from \$4,000.00 up. As for city and statewide distributors, financing would be available. The manufacturer of these machines has been in business almost 40 years. Only high quality individuals or companies need apply. Write our company and give a brief resume of yourself. We will arrange for a personal interview in the very near future.

THE BLOOD AND SALVATION

"... being now justified by his blood, we shall be saved from wrath through him." — Rom 5:9.

"In whom we have redemption through his blood, the forgiveness of sins, according to the riches of his grace." — Eph 1:7.

"If we walk in the light, as he is in the light, we have fellowship one with another, and the blood of Jesus Christ his Son cleanseth us from all sin." — 1 John 1:7.

Bible believing people agree that man is justified (i. e., redeemed or has forgiveness of sins) by the blood of Christ. As stated last week and as the apostle Paul says, this is the way of salvation provided by God's Grace.

But, how does the blood save? Notice, Paul explains that man has redemption (or forgiveness) through Christ's blood, by being IN CHRIST. The "whom" is under consideration is "Christ". So, in essence he is saying that "IN CHRIST, we have redemption through his blood." In other words, for man to be redeemed by the blood he MUST be IN CHRIST. (See also Col 1:14).

This leaves man with the question of HOW to get INTO CHRIST. What must he do or can he do anything? Please read Rom 6:3-7 and Gal 3:26-27. From these verses you will find HOW man gets INTO CHRIST. Yes, they teach us that man is baptized into Christ where he then has redemption by the blood of Christ.

Also we see from 1 John 1:7, that man is cleansed by the blood of Christ "IF" he "walks in the light as he is in the light". (Concerning the light note 2 Cor 4:4 and Psa 119:105).

This should make us aware that when the Bible speaks of salvation by the blood, it points out conditions man MUST meet to receive that blood cleansing. WHO is saved by the blood? The man who is IN CHRIST and WALKS (lives) according to the Word of God.

Next week we shall discuss "The Word, Obedience and Salvation". We encourage you to continue to study with us and to attend the services of the church.

Stag Creek Tour Reviewed

by ERNESTO ARIAS,
Visiting County Agent

Last Wednesday, April 22nd an important event took place in Comanche County that should not go unnoticed to the rest of the area residents, that is, the tour to the Stag Creek community, which is competing in the contest sponsored by the electric utility companies operating in Texas and the Extension Service under the name of "Texas Community Improvement Program."

The tour that lasted for 2 1/2

hours, began at 8:30 a.m. and the morning was the home of Mrs. Cassie Seale, where a kitchen and den had been remodeled. From there the caravan headed to the Stag Creek Community Center, where members of the club presented a program showing improvements and activities of the year. At the end of the tour refreshments were served to guests and community residents by the club.

The first stop was at the Cooperas Creek Baptist Church and the local cemetery; second stop was at the new home of Mr. and Mrs. Jack Cagle; next stop was at the home of the Henry Drennan's, where all could admire the redecoration work done at their home. The last home visited that

morning was the home of Mrs. Cassie Seale, where a kitchen and den had been remodeled. From there the caravan headed to the Stag Creek Community Center, where members of the club presented a program showing improvements and activities of the year. At the end of the tour refreshments were served to guests and community residents by the club.

Here From Eastland
Marcus Odell and son, Mike, of Eastland were Comanche visitors over the week-end.
